HUMAN RESOURCES

Tailored recruitment consultancy services and support.

At UHY Hacker Young, we appreciate that employees are your most valuable resource and that recruiting the right people with the right skills to fit your company culture can be a difficult and time-consuming task.

To help ease this administrative burden, we have a dedicated recruitment team that can offer a supported, tailored recruitment consultancy service; allowing you to focus on what you do best.

Our team are enthusiastic and passionate about what they do. Already working within the financial services sector, they are well placed to understand the commercial skills and attributes required for most financial, accounting and support staff roles; providing you with a reliable and responsive service.

In addition, with over 12 years' experience of hiring within this sector, their knowledge of the market is extensive and, whilst their specialisms lie in recruiting personnel for financial and accountancy positions plus administration and support roles, they will consider other specialists on a discretionary basis also.

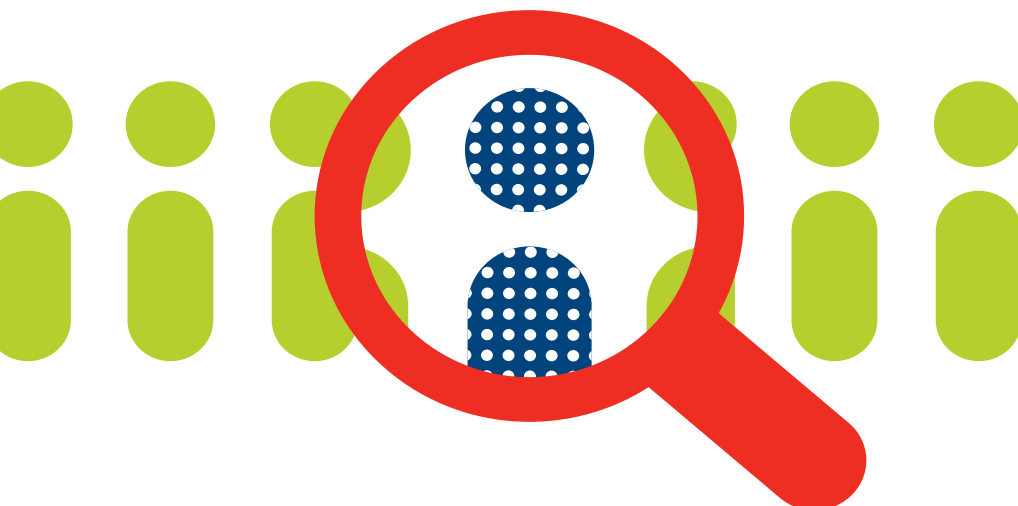

Whether you are looking for temporary reception cover, a junior auditor or a financial controller to join your firm, our focused team will strive to understand the individual requirements and needs of your business and work in partnership with you in order to find the right candidate to fit your existing team.

We can provide the following services:

- **Individual job descriptions:** Working with you to draft a description of the role to be filled and the ideal candidate required;
- **CV reviewing:** Ensuring applicants have the skills, knowledge and experience that you seek;
- **Shortlisting:** Identifying the outstanding applicants that best fit your requirements; and
- **Advice on salary level:** Ensuring the final candidate's remuneration is commensurate with level and experience..

For an additional fee, extra services can also be provided including:

- advertising; and
- interviewing.

We will work in partnership with you in order to find the right candidate to fit your existing team.

As an added advantage, with us in charge of advertising your company's vacancies, you will have access to our well established network of contacts deriving from our vast experience within the recruitment sector and our use of LinkedIn Recruiter; LinkedIn's specialist recruitment module.

Not only will this give you access to a wider audience, but it will also increase the chances of only selecting candidates with the right skills and attributes for the recruitment process.
