### 15 - Expenses Payments

The requirement to report to HMRC business expenses paid for by an employee / director and reimbursed by the employer has been removed for the 2016/17 tax year onwards. The item may still be reportable if it involves the employee in some other capacity, but in most cases this is now covered by an exemption. This will not be the case if non-standard benchmarking is used as a method of repayment unless a previously agreed dispensation or new exemption agreement covers this.

We would like to point out that it is now a statutory requirement for the employer to operate a system of validating expense claims.
